

Dear Prospective Avout Racing Select Junior,

Thank you for applying to the 2020 Avout Racing Select Juniors Team. We are kicking off our second year and are excited to offer an expanded program this year with more opportunities and professional support. The Select Juniors Team offers one-on-one coaching, personalized training plans, group practices, nutritional support, off-the-bike conditioning, monetary and apparel benefits, and amazing sponsorship perks! Our program covers all cycling disciplines including mountain, cyclocross, enduro, road, and track.

We are simplifying the application process this year. We require the submission of two documents: a cover letter and a race resume. Your cover letter should include a brief bio of yourself (on and off the bike), what motivates you, goals you have, and why you want to join the Avout Racing Select Juniors Team. Also be sure to state your focus cycling discipline and if you plan on training and racing in any other disciplines. Your race resume should include your contact information and a summary of your results over the past few years. These results should include national championships, series championships, and recent individual race results. Brag about yourself!

Please email your cover letter and race resume to jessica@avoutracing.com.

We look forward to learning more about you and considering you for our Select Juniors Team.
